

## **Skytron model 5000 and 5001 Surgical Tables**

Dear Valued Customer,

Effective 3 February 2010, Skytron is no longer offering support for the following surgical tables and considers them obsolete.

- 5000
- 5001

While we pride ourselves in our dedication to the long-term support of all Skytron products, it has become increasingly difficult and in many cases impossible to obtain replacement parts for the surgical tables referred to in this letter.

Skytron will no longer offer parts or technical support for these table models. For any questions or possible options related to parts and service for these tables, please contact your local distributor.

Regards

A handwritten signature in black ink that reads 'William Z. Wendt'.
